Portakabin®

To all Kenton Residents

Dear Resident

Alarms Sounding at Kenton Primary School

I am writing on behalf of Portakabin Ltd to thank you for your support during the project to provide a temporary school in Kenton.

I am aware that there have been several issues over the past few weeks relating to false alarm activations. We have been working with our sub-contractor specialists to resolve any issues on site relating to the alarms and to ensure that the system is more robust.

I would like to apologise unreservedly to the local community for any inconvenience or disruption caused as a result of the false alarms.

Please be assured that we will do whatever is required to prevent recurrences.

Yours faithfully

A handwritten signature in blue ink, appearing to read 'James Evans', with a long horizontal flourish extending to the right.
